ESCOLA FIANZ.
 Tonight will be an important one in the educational history of our city, it being the occasion of the first annual commencement of the Omaha Medical College. For some years the physicians and surgeons connected with the present chartered institution have conducted a primary educational institution in this city. Last May, however, it became by law a college, although in reality the college before was collegiate in name only. Eight young gentlemen will receive the first rewards of their medical studies to-night by graduation and the reception of diplomas. The examination is said to have been very strict and when it is considered that out of a class of eleven so many were found perfect it speaks well for the work of the year in the medical college. The exercises will take place at the college building at 7:30 p. m. The programme arranged for the evening is as follows:
 Opening of Exercises—President of Board of Trustees.
 Valedictory—Dr. D. McJannet, Class of '92.
 Oration—Prof. J. H. Farnham, President of the Board of Trustees.
 Address—Prof. R. L. Livingston.
 A banquet will be given by the trustees at the Withnell this evening.

We take pleasure in informing our readers that by enclosing a three-cent stamp to Foster, Rogers & Co., Buffalo, N. Y., they can secure free, a set of their fine lithograph picture cards, which are an ornament to any bureau-board. mar12-14m
